Student learning

Schools are required to:	Schools are supported by:
<ul style="list-style-type: none"> • have appropriate processes in place to support all students to progress towards and achieve the learning outcomes normally expected for their student cohort, and to plan and achieve improvements in those learning outcomes • demonstrate planning for improved student learning outcomes, including: <ul style="list-style-type: none"> – evidence of assessment schedules for all students including comprehensive assessment schedules in place prior to NAPLAN at Year 3 to identify students at risk – evidence of using and reporting on national testing (NAPLAN) data, VCE, VCE VM, VCAL (according to the VCAA’s 2023 teach out arrangements), VPC and VET data, and On Track data (for example, a data collection schedule, explanation of how the data is analysed, self-reflection reports and action plans) – evidence of using student outcomes data to inform goal setting against the Victorian Curriculum F–10 and to design improvement strategies – teacher professional learning that is informed by an analysis of student performance data (for example, a plan to improve student learning outcomes including what data, such as NAPLAN, the school collects to monitor outcomes) – how the school analyses and uses data to set goals and targets for outcomes, and to design improvement strategies, including students at risk – Personalised Learning Plans, appropriate interventions or adjustments, and support groups to assist students who require additional support. 	<ul style="list-style-type: none"> • school improvement survey data • school data snapshots • Victorian Curriculum and Assessment Authority (VCAA) data service • School Improvement Framework • <i>Horizons of Hope Foundation Statement: Pedagogy in a Catholic School</i> • <i>Horizons of Hope</i> learning and teaching resources • School Improvement Plan • Annual Action Plan • <i>Horizons of Hope Foundation Statement: Leadership in a Catholic School</i> • Victorian Curriculum F–10 • teacher professional learning (PL) – in-school PL; PL offered and/or sponsored by MACS; PL delivered by the VCAA.

Assessment

Schools are required to:	Schools are supported by:
<p>Teachers are required to assess and monitor student growth, learning progress and achievement against the achievement standards in the curriculum framework and within the learning and teaching program.</p>	<ul style="list-style-type: none"> • <i>Horizons of Hope Foundation Statement: Assessment in a Catholic School</i> • Victorian Curriculum F–10 • <i>Horizons of Hope Foundation Statement: Learning Diversity in a Catholic School</i>

Assessment and reporting practices play important roles in the development of the learning culture within a MACS school. Assessment is a means for leaders, teachers and students to learn alongside one another, in affirming progress and meeting regulatory responsibilities to engage authentically with students and families to identify student learning progress and opportunities for further growth and development.

Across every MACS school there is a goal of the full flourishing of each student across religious, physical, cognitive, social and emotional domains for each student. This multi-dimensional approach to assessment of learning respects the sacred dignity of the learner and engenders a sense of being valued and understood.

- *Horizons of Hope Foundation Statement: Wellbeing in a Catholic School*
- NAPLAN
- other testing regimes

Assessment principles

Horizons of Hope identifies the following principles for assessment in MACS schools:

Focused on growth

- Assessment and reporting will be relevant and timely to each learner.
- Students understand their learning progress.
- Students receive feedback about their challenges while forming and valuing positive attitudes towards learning.
- Educators critically question the impact of their decisions on student learning.
- Feedback is integral to the learning process, enabling students to self-regulate, self-assess and reflect on their own learning.

Relational

- Assessment and reporting will provide a strong foundation for authentic dialogue about learning progress between teachers, students and families.
- Students and teachers are both partners in the learning as the teacher constantly shapes and evolves their practice and pedagogy, while the student perseveres and progresses in response to evidence uncovered and timely feedback.

Ongoing and continuous

- Teachers are alert to the needs of students, founded on their knowledge of each student's narrative.
- Assessment, feedback and data-gathering techniques are authentic, varied and diverse.
- Assessment of learning is continuous, allowing students to demonstrate their progress and flourish.
- Feedback is continuous, accurate and forward-focused.

Monitoring and Reporting on Students' Performance

Schools are required to:	Schools are supported by:
<ul style="list-style-type: none"> • have evidence in the form of the school's policies and procedures for assessing and monitoring student progress and achievement, and how this is reported to parents and guardians 	<ul style="list-style-type: none"> • <i>Reporting Student Progress and Achievement: 2022 Revised Guidelines for Victorian Catholic Schools</i> • ICON – ePlan

- undertake ongoing assessment, monitoring and recording of all students' performance and to report on performance, in writing, to parents and guardians at least twice a year
- report on student achievement against the relevant standards as outlined in the Victorian Curriculum F–10 or other accredited curriculum frameworks where approval has been granted by the governing authority (MACS) and authorisation gained by the relevant authority for delivery in MACS schools, such as International Baccalaureate programs.

In addition to written reports, it is strongly advised that parents/guardians/carers/relevant person be provided with opportunities to discuss their child's progress with the school.

Review of assessment and reporting practices

A school must document the processes used to review practices for assessment and reporting. This information includes the ways in which data about student learning progress from a variety of sources is analysed to improve student growth, learning progress and to guide learning and teaching programs.

Schools must have policies and procedures in place to:

- maintain accurate student records
- ensure the integrity of student assessments
- monitor student participation, completion rates and student outcomes.

The policies and procedures must cover the analysis of results and student participation.

School Performance

Schools are required to:	Schools are supported by:
<ul style="list-style-type: none">monitor and report to the school community on its performance at least once per year. <p>The information must include:</p> <ul style="list-style-type: none">a description and analysis of student learning outcomes achieved by the school's students in statewide tests and examinations in which the school participates for:<ul style="list-style-type: none">the current year; andif the school has been established for more than two years, the previous two yearsa description and analysis of rates of student attendance for the year.	<ul style="list-style-type: none">School Improvement Survey dataSchool Improvement Framework (SIF) RubricSchool Improvement FrameworkSchool data snapshotsICON – ePlan

Curriculum Provision – Years 11 and 12

MACS schools delivering courses to senior secondary students are required to follow the requirements and regulations set out by the Victorian Curriculum and Assessment Authority (VCAA). This applies to the Victorian Certificate of Education (VCE), the VCE Vocational Major (VM), the Victorian Certificate of Applied Learning (VCAL) (according to the VCAA's [2023 teach out arrangements](#)), the Victorian Pathways Certificate (VPC) and Vocational Education and Training (VET). Any MACS school offering other accredited curriculum frameworks where approval has been granted by the governing authority (MACS) and authorisation gained by the relevant authority for delivery in MACS schools, such as the International Baccalaureate (IB) programs, is required to follow the regulations set out by the relevant authority/authorities.

In 2023, Victoria is moving to a new integrated senior secondary certificate. This will bring together the VCE and VCAL.

In 2023, there will be two ways to obtain the VCE. Students can choose to enrol in the VCE or the VCE VM. Students currently studying Senior VCAL or Intermediate VCAL can transfer to the VCE VM with credit for completed subjects. For students not yet ready or unable to undertake the VCE or the VCE VM, the VPC is a new flexible option. Students currently studying Foundation VCAL can transfer to the VPC with credit for completed subjects. Foundation VCAL students can also transfer to the VCE VM.

In 2023 only, eligible Year 12 students are also able to undertake Intermediate VCAL. Eligible students are Year 11 students who are enrolled in Foundation VCAL or Intermediate VCAL in 2022.

Victorian Certificate of Education (VCE)

The VCE is a senior secondary certificate of education recognised within the Australian Qualifications Framework (AQF). It is designed to be completed over a minimum of two years, and includes general education curriculum components (VCE studies) and programs from VET qualifications. The VCE opens pathways to university, high-level TAFE or VET certificate courses, apprenticeships, traineeships and the workforce.

To be eligible to receive the VCE, students must satisfactorily complete a minimum of 16 units which must include:

- three units from the VCE English group, including a Unit 3–4 sequence

- at least three other sequences of Unit 3–4 VCE studies, which can include further sequences from the VCE English group.

VCE Vocational Major (VCE VM)

The VCE VM is a vocational and applied learning program within the VCE, designed to be completed over a minimum of two years. The VCE VM is a good pathway for students into an apprenticeship, traineeship, further study or directly into a job. It includes specified VCE VM units, VCE units and VET.

To be eligible to receive the VCE VM, students must satisfactorily complete a minimum of 16 units which must include:

- three VCE VM Literacy or VCE English units (including a Unit 3–4 sequence)
- two VCE VM Numeracy or VCE Mathematics units
- two VCE VM Work Related Skills units
- two VCE VM Personal Development Skills units
- two VET credits at Certificate II level or above (180 nominal hours)
- a minimum of three other Unit 3–4 sequences.

Victorian Certificate of Applied Learning (VCAL) (according to the VCAA’s 2023 teach out arrangements)

To support the introduction of the VCE VM and the VPC, the VCAA has released [teach out arrangements for 2023](#). The transition period allows Intermediate VCAL to be awarded to eligible Year 12 students in 2023. Eligible students are Year 11 students who are enrolled in Foundation VCAL or Intermediate VCAL in 2022.

The VCAL is a senior secondary certificate of education recognised within the Australian Qualifications Framework (AQF). The VCAL can include components of accredited Vocational Education and Training (VET) including Further Education (FE) qualifications from within the AQF, and VCE studies. To be awarded the Intermediate VCAL qualification in 2023, Year 12 students must successfully complete a learning program that contains a minimum of 10 credits and includes:

- curriculum components that can be justified against the purpose statement for the Literacy and Numeracy Skills Strand: one credit is required for Literacy Skills and one credit is required for Numeracy Skills
- curriculum components to the value of at least one credit that can be justified against the purpose statement for each of the Work Related Skills Strand, Personal Development Skills Strand and Industry Specific Skills Strand
- a minimum of two VCAL units, one of which must be a VCAL Personal Development Skills unit at level
- curriculum components to the value of six credits at the level of the VCAL award or above– one of which must be for Literacy Skills.

Victorian Pathways Certificate (VPC)

The VPC is an accredited foundation secondary qualification that aligns to Level 1 in the Australian Qualifications Framework (AQF). The VPC is not a senior secondary qualification, but it can be a pathway to VCE (including VCE VM) for students in Years 11 and 12 who are not yet ready or able to complete the VCE or the VCE VM. The VPC has a flexible duration depending on a student’s individual learning plan; it may be completed in a minimum of 12 months.

To be eligible to receive the VPC, students must satisfactorily complete a minimum of 12 units, including:

- at least two units of VPC Literacy (or units from the VCE English group including VCE VM Literacy)

- at least two units of VPC Numeracy (or units from the VCE Mathematics group including VCE VM Numeracy)
- at least two VPC Personal Development Skills units
- at least two VPC Work Related Skills units.

Students can also include units from VCE studies, VCE VM studies and VET units of competency. VPC students can receive VET credit for 90 nominal hours at the Certificate I or above level and receive structured workplace learning recognition.

Vocational Education and Training (VET)

Recognition of VET within the VCE, VCE VM, VCAL (according to the VCAA's [2023 teach out arrangements](#)) and VPC ensures that students who complete all or part of a nationally recognised VET (including Further Education) qualification may receive credit towards satisfactory completion of the VCE, VCE VM, VCAL or VPC. MACS schools are required to have appropriate courses, assessment, reporting and administrative processes in place to ensure students undertaking a VCE, VCE VM, Intermediate VCAL (according to the VCAA's [2023 teach out arrangements](#)) or VPC program, including VET courses, have access to the necessary teaching and learning programs. The VCAA's *Administrative Handbook* and the specific VCE study designs, VCE VM study designs, VCAL curriculum documents (according to the VCAA's [2023 teach out arrangements](#)), VPC curriculum designs and VET units of competency set out the teaching, learning and assessment requirements for all schools.

Student Records and Results for Senior Secondary Students

MACS schools must have policies and procedures in place to ensure the integrity of assessment, the accuracy of records and the monitoring of student participation, completion rates and student outcomes in accordance with the requirements of the VCAA.

MACS schools are required to monitor patterns of student participation and completion rates, and the quality of the outcomes of students. An annual analysis of student participation, completion rates and outcomes is made publicly available through the annual report to the school community.

Curriculum – System Improvement Processes

MACS implements a number of procedures and strategies to monitor school and student performance.

School data snapshots

MACS provides every school with a summary of their school performance data each year in November via the School Data Snapshot (SDS). The SDS is constructed around five aspirations:

1. MACS schools are distinctively Catholic.
2. MACS schools demonstrate leading practices for teaching, learning and student wellbeing.
3. MACS schools are strong academic performers.
4. MACS schools are financially prudent.
5. MACS schools are inclusive, engage families and appeal to families.

MACS provides targeted data for each school under these five aspirations, as well as providing like-school comparisons. The SDS assists schools to track and monitor their performance against state, system and similar school averages, as well as supporting the system to identify areas of challenge and to mobilise system resources for those schools in risk categories.

MACS develops regional heatmaps for each region which classify schools into categories of performance and forms the basis of annual regional reviews.

School reviews

MACS coordinates a school review process for schools which occurs every four years and is a key component of the School Improvement Framework (SIF). The MACS school review is conducted using the SIF rubric as the core tool. It promotes an evidence- and research-based approach to planning for improvement within the school context and across all spheres of MACS schools. Schools incorporate ongoing monitoring, deep learning and focus on their impact in order to enable continuous school improvement.

The MACS School Improvement Framework incorporates the following four accountability components:

1. Assessing school improvement progress via completion of the SIF rubric and engagement in MACS school review every four years.
2. Planning for improvement via a four-year School Improvement Plan (SIP) and subsequent Annual Action Plans (AAP).
3. Reporting on progress via an annual report to the school community.
4. Managing risk and compliance – verification process and audit of the Minimum Standards for School Registration and other state and Commonwealth requirements for Catholic schools.

The school review process occurs in the final year of the School Improvement Framework (SIF) cycle and culminates in the development of the School Improvement Plan (SIP) for the next four years. Working closely with the Regional Learning Services team, schools draw on recommendations generated through the review process and developed in the context of the strategy plan for Catholic education within the Archdiocese of Melbourne.

All schools complete a School Improvement Plan (SIP) during the year of school review and an Annual Action Plan (AAP) each year.

Schools use the four-year SIP as the basis for the development of their AAPs each year. Schools should complete and upload the SIP within six weeks of receipt of the School Review Report and the AAP by the commencement of each school year.

Annual Regional Performance Reviews (RPR)

MACS conducts annual regional reviews of school performance using school data snapshots (SDS) and regional heatmaps.

- The Regional Performance Review is a forum where senior leaders at MACS, including Learning and Regional Services Unit Managers and Regional General Managers, have a deep and structured conversation about performance using a range of quality data sets including the school data snapshot.
- Regional operations are at the centre of the connections with schools.
- Like the improvement cycle that underpins the school improvement framework for schools, the RPR applies the same rigour in identifying and prioritising where improvement action is required.
- Targeted discussion is based on data and relevant evidence to enable forward-looking decisions to be made.
- The structure of the review takes the form of inquiry questions and discussions to better understand performance issues, to identify potential barriers and enablers, and to agree on actions.
- The RPR is more than performance measurement – it aims to optimise success, providing the key evidence needed so that action can be taken where and when it is needed most.
